

Upgrading, downgrading, changing your services Content_v1

Add a service

Thank you for your confidence in us! To add more services, access the Account Administration menu by clicking **Services > Account Administration**.

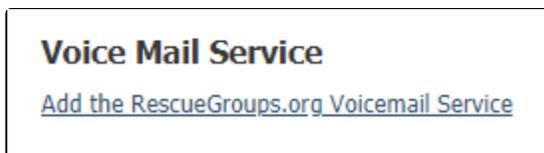

From there, the following menu opens. To view your current services at any time, along with the due date for your invoice, if fees apply, click the **Your Services** link, and to upgrade or add services, click the **Upgrade Services** link.

That link opens a list of your current services, with a green check mark next to those you are currently using.

To add a service, click the link under the name of the service.

Upgrade a service

The best way to upgrade a service, is to go to the **Services > Account Administration > Upgrade Services** area, then click the link under the name of the service you want to upgrade.

Email Services

 Email Hosting

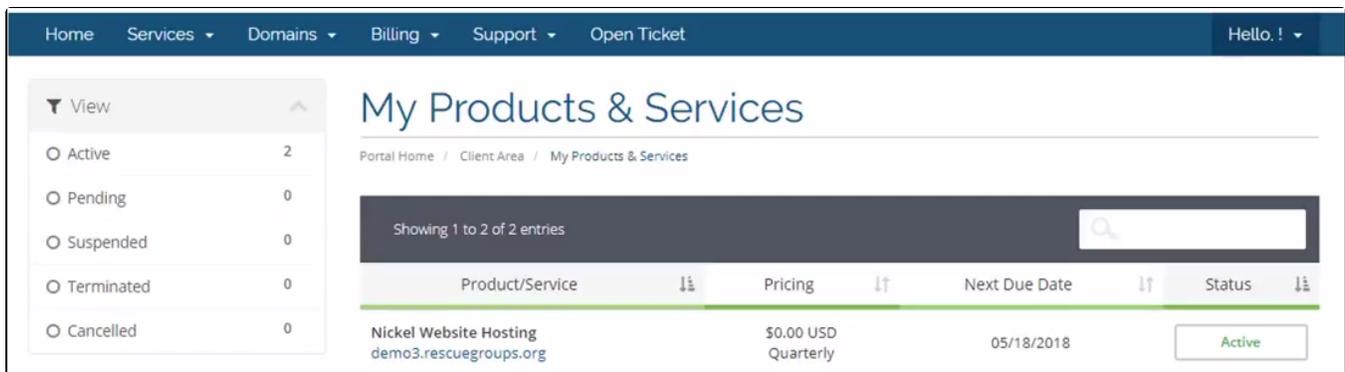

[Upgrade your Email Hosting Quota](#)

Downgrade a service

You can also downgrade services (decreasing the amount of the service you use) or cancel them entirely by using the same link **Services > Account Administration** and clicking the **Your Services** link.

[Your Services](#)

The page that opens lists your active services as well as those you've terminated.

| Product/Service | Pricing | Next Due Date | Status |
|--|-------------------------|---------------|--------|
| Nickel Website Hosting demo3.rescuegroups.org | \$0.00 USD Quarterly | 05/18/2018 | Active |

Click the service you want to change. The service page opens.

From the Actions sidebar, click the **Upgrade/Downgrade** menu option.

Now, choose the package you want to downgrade your current package to from the options listed, and complete the steps presented to switch to the selected downgraded service.

Cancel a service

You can cancel any services by going to the **Your Services** page, clicking the appropriate service, and then clicking the **Request Cancellation** button to cancel the service. (This can also be done from the **Actions** menu on the left navigation bar.)

The screenshot displays a user interface for managing products. On the left, there is a navigation menu with 'Overview' (marked with a star and an up arrow) and 'Information' (highlighted in dark grey). Below this is an 'Actions' section with a wrench icon and an up arrow, containing two options: 'Upgrade/Downgrade' and 'Request Cancellation'. The main content area is titled 'Manage Product' and includes a breadcrumb trail: 'Portal Home / Client Area / My Products & Services / Product Details'. The central focus is a product card for 'Email Marketing (500/month) Email Marketing Services'. The card features a dark circular icon with a white mail symbol. Below the icon, the text 'Email Marketing (500/month)' and 'Email Marketing Services' is displayed. A green bar at the bottom of the card indicates the service is 'ACTIVE'. At the very bottom of the card, there are two buttons: a green 'Upgrade' button and a red 'Request Cancellation' button.

A cancellation request will be sent to RescueGroups.org. In most cases, the service will be immediately canceled and removed from your account. In some cases, the service will cancel on its renewal date.

Any unpaid invoices for the canceled service will also be canceled.

If you have any questions or concerns after canceling a service please contact RescueGroups.org support.

Here's a video to help you in upgrading, downgrading, and removing services (adding and removing)

Closing your account completely

If your organization wishes to close your account completely first be sure you have backed-up all of your information (here is a FAQ from our knowledge base with more information; [When closing an organization how can I backup or export the data?](#)). Then, have one of your authorized contacts open a support ticket by emailing support@rescuegroups.org from their authorized contact email. If you are not sure who your authorized contacts are please open a support ticket and our support team can assist.
