

# About Photo Galleries Content v1

Once you upload a collection of photographs to your website, you can add them to a collection, such as a recent fundraiser, or "black dogs," or really, anything you like.

You can enable the **Photo Gallery** feature on the **Admin > Settings > Web Site** page. You can add a gallery by going to **More > Photo Galleries**.

On the **Photo Gallery** web page you can delete existing galleries, or click edit to rename a gallery.
