

Using the Special Lists settings

The Special Lists feature automatically creates lists of animals that meet certain criteria, for example, Special Needs, Recent Arrivals, Puppies, Kittens, etc.

**Where do I find it?**

You can find the **Special Lists** page by going to Animals > Settings then clicking Special Lists.

Special Lists Settings 

Choose your RescueGroups.org Website Service separates animals into Special Lists such as Seniors, Must Adopt, Special Needs, etc.

Needs a Caretaker (Foster)	Automatically updated from the Needs a Caretaker animal field
Recent Arrivals	This uses the Received Date field from the animal to show only animals received within a certain number of days
Courtesy Listings	Automatically updated from the Courtesy Listing animal field

Special Needs

To automatically add an animal to the Special Needs web page:

1. Enable Special Needs in your [Special Lists](#).
2. When Adding or Editing an Animal, enter in some text in the **Special needs description** in the Additional Notes and Comments section.
3. If the special needs animal also needs a sponsor, you can enable the Sponsorships for that animal. See [Animal Sponsorships](#).

How to Add Special Lists to a Custom Menu

Many of the [RescueGroups.org](#) layouts and menus will automatically show links to the Special Lists that you enable using the Default Menu. If you have a Custom Menu you may need to manually add the Special Lists links to your menu.

If you do not see the **Special List** you would like to use in your website menu or in your link list, please see how to [Add a Menu Item](#).
