Adding the iFrame to your website and Facebook page

To add the iFrame to your website, copy and paste the iFrame code to your webpage and save.

To display your adoptable pets on your organization's Facebook page, use any app that allows you to add HTML to a Facebook page. This article reviews five popular apps: <https://www.practicalecommerce.com/5-Free-Facebook-Welcome-Tab-Apps-Pros-and-Cons>.

Unfortunately, Facebook does not support custom tabs on their mobile page views or apps at this time. You can read more about this on Facebook's developer documentation here: <https://developers.facebook.com/docs/pages/tabs/>

Adding the iFrame to your Facebook page

1. Add an HTML App to your Facebook page (see above for a review of various apps you can use).
2. Select your organization's Facebook Page when asked for the page to which to add the application.
3. Add the static HTML app.
4. Get the Pet Adoption iFrame HTML by opening a new browser window or tab so you can access the Pet Adoption iFrame HTML in your RescueGroups.org service.

5. Using the two browser tabs or browser windows, copy from RescueGroups.org and paste into Facebook.
 - a. In the new tab or window, go to your organization's [account dashboard](#).
 - b. Then go to **Features > Pet Adoption iFrame**.

- c. Choose either the narrow or wide option for displaying your pet list.
 - d. Select and copy the code you would like to use (control+c on a pc or command+c on a mac).

6. Paste the Pet Adoption iFrame HTML into the Facebook HTML App which is open in the other tab.

Customizing the Tab Name, adding a Custom Icon

Special thanks to 2nd Chance Dog Rescue for allowing us to use their page in this example.

Follow these instructions to customize the name of your tab and add a custom image.

1. From your Facebook organization's Facebook page, **click on the downward arrow icon** next to the tabs.

2. **Click the edit icon.** It looks like a pencil.
3. Select **Edit Settings**.

4. To change the tab name, enter text next to **Custom Tab Name**.

5. Click **Save**.

Edit Static HTML: iframe tabs Settings

Profile

Tab: Added (remove)

Custom Tab Image: Change

Custom Tab Name: Save

Leave blank to use the default name.

Okay

6. Next to **Custom Tab Image**, click **Change**.

Edit Static HTML: iframe tabs Settings

Profile

Tab: Added (remove)

Custom Tab Image: Change

Custom Tab Name: Save

Leave blank to use the default name.

Okay

7. Hover over the tab image, and **click Edit**.

Upload a Custom Image

Page: 2nd "Chance" Dog Rescue

Application Tab: Static HTML: iframe tabs

Image:  Edit

8. Click **Choose File**

9. **Browse** and select the file on your hard drive you would like to upload.

Upload Page Tab Image

You can upload a JPG, GIF, or PNG file. The size of the image must be 111 x 74 pixels. File size limit 5 MB. If your upload does not work try a smaller picture.

Choose File

By uploading this file, you certify that you have the right to distribute this image and that it is not pornographic.

Cancel

10. If the image is successfully uploaded, your image displays.

11. Return to your organization's Facebook page. You will now see your customized tab text and image.

Tips for Creating a Custom Tab Image

To upload a custom image, you need to be able to create an image that is 111 x 74 pixels.

- If you have photoshop, create a new file and set the width, height, and resolution:
 - Width: 111 pixels
 - Height: 74 pixels
 - Resolution: 72 pixels/inch

- You can add images to one layer and text to another layer.
- You could create an image with text only or a photo. It's up to you.
- Here is the image that was created for 2nd Chance for Dogs.

- The logo was added on one layer and resized.
- The text was added to another layer.

Custom Facebook tab image templates

Here are both a blank photoshop file and a blank png with these exact dimensions to help you get started. Click to download and use as templates.
