

# Upgrading a toolkit

Updating your current Toolkit with a new one is easy. Here's how you can do it:

1. Log in to your account.
2. Go to **Features > Pet Adoption Toolkit**.
3. Click the Name of the Toolkit you want to use, or click **Add a Toolkit** to create a new Toolkit.
4. Click the **Edit** button.
5. Make any required changes: Make sure to enter the correct **Website URL** for the page where the Toolkit will be installed, and select the **Search Layout** and **Pet Layout**.
6. Click the **Save** button.
7. Click **Get HTML Code**.
8. Copy & paste the HTML code onto the web page where you want to install the Toolkit. Be sure to remove all includes and code for the previous version of the Toolkit (you may want to make a backup of the page just in case).
